

R34 GT-R vs. FD in Initial D

Contributed by Wesley Mahler
25.11.2006

This is a short video clip from the Initial D series, featuring a Nissan Skyline and a Mazda RX-7.

FD RX-7 vs. R34 GT-R in Initial D
Rotary Engine Videos

This is a fun clip showing an animation of the Skyline and the RX-7 in a drifting scene on the mountain. The film is very well put together by the D1 Production team; it's an interesting video if you have never seen it before.
